## DIRECTOR'S NOTE

Year after year, the holiday season sneaks up on us, bringing with it undue stress, worry, and a sense of urgency to “get things done.” We make to do lists, shopping lists, grocery lists, wish lists, and for every item we check off, two more seem to magically appear. We lose sleep and time, and tend to put upon ourselves some pretty heavy and often unrealistic expectations. And then, almost twice as fast as the season arrives, it leaves again before we’ve realized we never scheduled any time to actually sit back and enjoy the magic and wonder of it all. That is what we hope this show does for you. We want to transport you back to a time when life was simpler, a time when the world didn’t move so fast. We want the true spirit of the holiday season to glow from our stage and warm you. We want the laughter to uplift you, and the lessons to remind you that EVERYONE is deserving of love, compassion, kindness, and inclusion.

Wishing you all a very happy, loving, holiday season! May your stockings be coal-less and your chocolate be hot!

*Bethany & Rae*

### A FAMILY LEGACY BORN IN POPCORN

My grandfather planted and harvested his first 10 acres of popcorn on our family farm in 1944. Then he loaded up the bed of his pickup truck and set off on the dusty back roads of Southern Indiana selling his popcorn town to town. This is where Ramsey Popcorn Company was founded.

In 1960, my father and his three brothers took the helm at Ramsey Popcorn Company. They launched our Cousin Willie's Popcorn brand featuring the iconic character touting dad's familiar cowboy hat, bright plaid shirt and red suspenders, of course.

75 years later, we remain a true family-owned and operated company growing the best tasting popcorn in the world. Well, that's what our family thinks anyway. And that means you've got my personal guarantee that your family and friends will LOVE it too!
